

Oregon Performance Plan Data Specification Sheet

Oregon Performance Plan #1 (a-b)

Performance Plan Section: ACT Services

Performance Plan Term: OHA will increase the number of individuals with SPMI served by ACT teams. OHA will provide ACT services to everyone who is referred to and eligible for ACT, and will meet the following metrics:

- a. 1,050 individuals with SPMI will be served by the end of year one (June 30, 2017).
- b. 2,000 individuals with SPMI will be served by the end of year two (June 30, 2018).

Definition: “Assertive Community Treatment” (ACT) is an evidence-based practice designed to provide comprehensive treatment and support services to individuals with serious and persistent mental illness. ACT is intended to serve individuals who have severe functional impairments and who have not responded to traditional psychiatric outpatient treatment. ACT services are provided by a single multi-disciplinary team, which typically includes a psychiatrist, a nurse, and at least two case managers, and are designed to meet the individual needs of each individual and to help keep the individual in the community and out of a structured service setting, such as residential and/or hospital care. ACT is characterized by (1) low client to staff ratios; (2) providing services in the community rather than in the office; (3) shared caseloads among team members; (4) 24-hour staff availability, (5) direct provision of all services by the team (rather than referring individuals to other agencies); and (6) time-unlimited services. (Oregon Performance Plan)

Data Source: Quarterly Reports

Description of Data:

- **Metrics:**
 - Number of individuals with SPMI receiving ACT services.
- **Numerator:** N/A
- **Denominator:** N/A
- **Other / Description of Data Points:**
 - The data from the last quarter of each calendar year will be used to determine if the performance outcome has been met.

Data issues/caveats that affect performance outcomes: N/A

Baseline: Calendar Year 2015 (Q4)	
Numerator	N/A
Denominator	N/A
Baseline Outcome	815
